Rigid endoscopes

standard "Sirius"

COBB
FIBRE OTTICHE

- Focus adjustment from 5 mm to infinity
- Viewing direction rotatable up to 370° (panoramic)
- Touch indicator for orientation display
- Ergonomic handle
- Computer-optimized optical system
- Optical components specifically designed for each diameter
- Wide range of viewing directions available
- External probe made of stainless steel
- Waterproof and fully immersible along the entire working length
- Precise ratio of illumination optical fibers relative to lens diameter
- Latest-generation achromatic optics with very low light attenuation
- Connection to cameras and video cameras via dedicated adapters
- Highly impact-resistant PVC carrying case

ACCESSORIES

- Mirror tubes for 90° side viewing:
all forward-view endoscopes can be equipped with them.
- Some examples below:
 - (1) Ref.: GT 040 090 020
 - (2) Ref.: GT 040 090 029
 - (3) Ref.: GT 060 090 056
 - (4) Ref.: GT 080 090 035
- Camera lens connectable to the eyepiece
- C-mount for camera
- Light guide cables
- Light sources
- Removable connectors for compatibility with other brands of light cables

SPECIAL ENDOSCOPES

- Integrated light guide
- Custom viewing / field of view / lengths
- Rigid endoscopes with oscillating prism
- Rigid endoscopes with zoom
- Aeronautical inspection kit
- Anti-reflection illumination
- High-temperature resistance
- Radiation-resistant (nuclear environments)
- UV observation capability
- Endoscopes with integrated reticle
